

# BAP1-KO 'Loop Rewriting': Loss of Long-Range Loops

Chromatin loop reorganization in BAP1 knockout shows preferential loss of long-range interactions

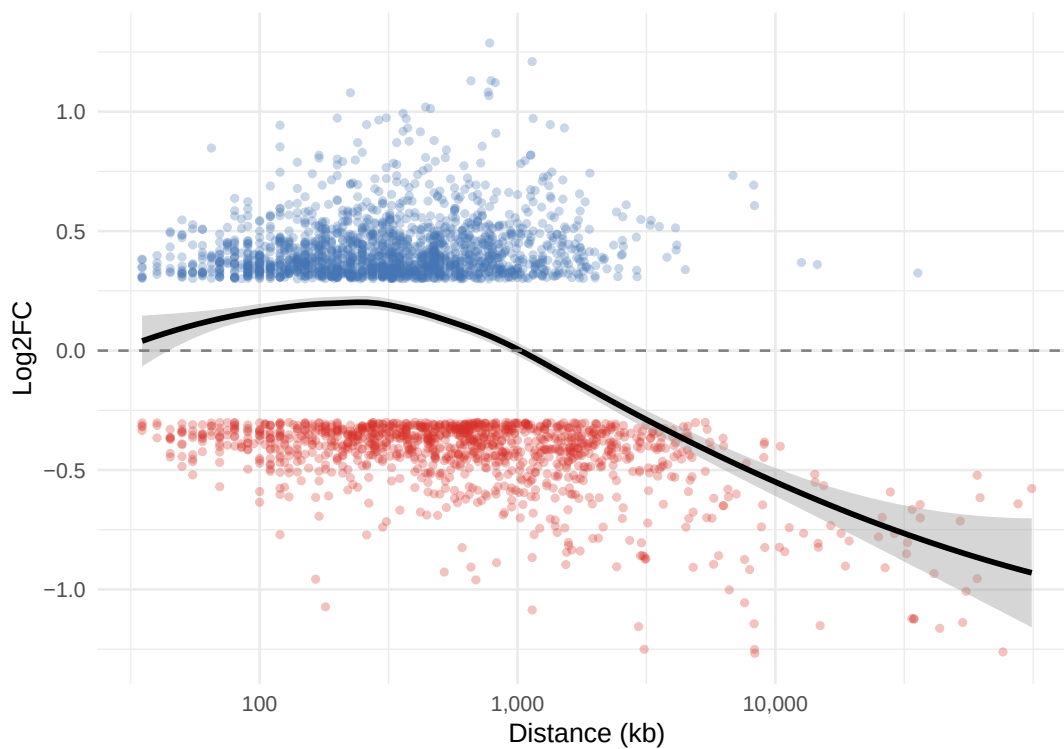

**A. Distance CDF**

**B. Distance Distribution**

**C. LogFC vs Distance**

**D. Summary Statistics**

Lost: 1187 (40.8%)

Gained: 1723 (59.2%)

Median Distance:

Lost: 625 kb

Gained: 320 kb

Ratio: 1.95x

Statistical Tests:

KS test:  $p = 5.49e-48$

Wilcoxon:  $p = 1.12e-50$

● Lost in BAP1-KO

● Gained in BAP1-KO
