

All differential loops

Lost in BAP1-KO Gained in BAP1-KO

n = 1,187 lost | n = 1,723 gained

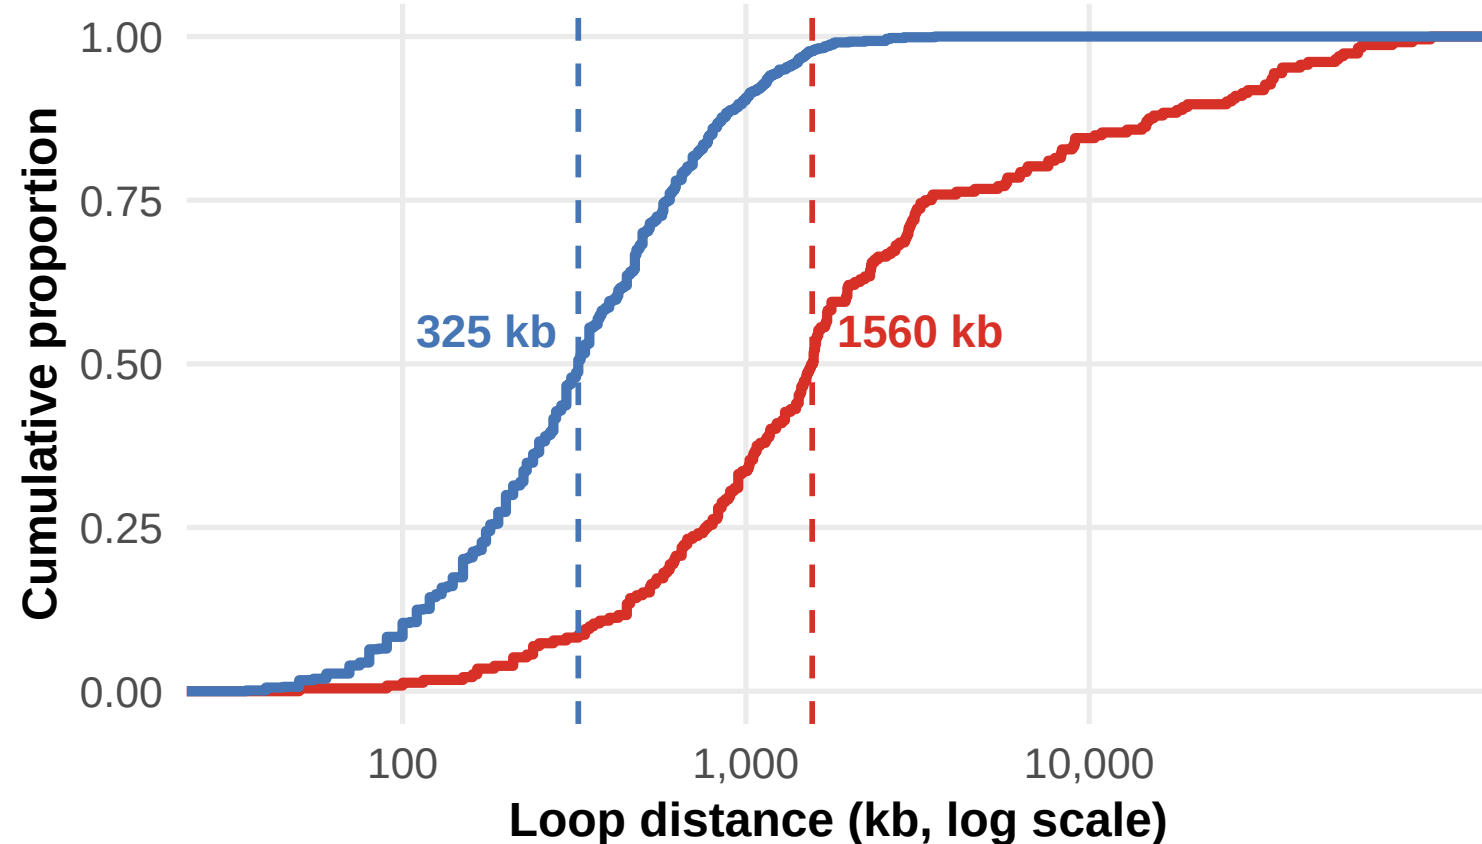

Polycomb-marked loops

n = 1,123 (K27me3-anchored)

Lost in BAP1-KO Gained in BAP1-KO

n = 232 lost | n = 891 gained

Filtering to Polycomb-marked loops amplifies the distance shift
